## OUR ETHICAL CHARTER

### OUR COMMITMENTS

#### NEXT GENERATION OF ORGANIC BEAUTY

We are convinced that ORGANIC skincare is more effective than conventional skincare. Our mission is to create the most efficient products to truly improve your skin's health. The power of nature for visible results.

#### CLEAN ALL THE WAY

Organic formulas packed with pure active ingredients for optimal results. In our products, we guarantee from 95% to 100% natural ingredients and 10% to 100% organic ingredients.

#### VEGAN & CRUELTY-FREE

No ingredient or product is tested on animals and we do not sell our products in countries who require tests on animals. 95% of our products are vegan and we are working towards reaching 100%!

#### THE RIGHT PRICE

No dizzying sales, but fair prices all year round. We offer you the highest quality at the most affordable price, thanks to direct selling and the absence of middlemen.

#### ECOLOGICAL PACKAGING

We guarantee the recyclability of our packaging: glass bottles and bottles made out of easily recyclable PEHD, PEHD tubes made of at least 50% recycled materials... We also offer refill solutions on certain products and continue to develop more.

#### PROUD TO BE FRENCHY

France is a world pioneer in the research and development of organic cosmetics. That's why our products are Made in France. Producing and buying "Made in France" also enables us to limit our CO2 emissions and support our local economy.
